SUMMARY

Frontend Developer skilled in **React.js**, **Next.js**, **Tailwind CSS** and **JavaScript (ES6+)**, with strong CS fundamentals (DSA, DBMS, OS, OOPs). Completed a frontend internship and independently built 2 live projects — **FinFlow** (expense tracker) and **Loom & Leaf** (e-commerce) — plus the **AgroFert** e-commerce frontend. Pursuing MCA and seeking a Frontend / React Developer role in Pune.

EXPERIENCE

Software Development Intern – Frontend at VS Software Lab, Baramati **12/2025 – 01/2026**

- Independently developed the entire frontend of **AgroFert**, a fertilizer e-commerce platform, using **React.js, HTML, CSS and JavaScript** within a 1-month internship.
- Built **15+ reusable UI components** for product catalog, product details, cart, checkout and user pages, reducing repeated code by **~30%**.
- Implemented responsive layouts across **mobile, tablet and desktop**, keeping the UI consistent on all 3 screen sizes.
- Integrated **10+ REST APIs** for products, auth, cart and orders, and managed application state, cutting redundant API calls by **~25%**.

TECHNICAL SKILLS

Languages: JavaScript (ES6+), Java, HTML5, CSS3, SQL
Libraries/Frameworks: React.js, Next.js, Tailwind CSS
Database & Concepts: MySQL, REST APIs, JWT Authentication, CRUD Operations
Developer Tools: VS Code, Git, GitHub
Other: DBMS, Operating Systems, Computer Networks, OOPs Concepts

PROJECTS

FinFlow: Expense Tracker Dashboard | Next.js, React.js, Tailwind CSS | FinFlow Live **2026**

- Built a responsive expense tracking dashboard with **5+ modules** (expenses, analytics, categories, summaries, reports) using **20+ reusable components**.
- Added category-wise analytics and financial summaries, helping users view income vs. expenses in **one dashboard**.
- Achieved **90+ Lighthouse performance score** and a fully responsive layout on desktop, tablet and mobile.
- Improved UI consistency and navigation through structured layouts, cutting UI development time by **~35%** via component reuse.

Loom & Leaf: E-commerce Website | Next.js, React.js, Tailwind CSS | Loom&Leaf Live **2026**

- Developed a modern e-commerce frontend with **product listings, product details, categories and navigation** using reusable components.
- Built **15+ reusable components** and a consistent color system, improving design consistency across **100% of pages**.
- Implemented responsive layouts and animations for a smooth cross-device experience, achieving **90+ Lighthouse** accessibility and performance scores.
- Optimized page load and image handling, reducing initial load time by **~30%**.

EDUCATION

JSPM's Jaywantrao Sawant College of Engineering, Hadapsar, Pune **2026 – Present**
Master of Computer Applications (MCA) – Pursuing *Pune, India*
Tuljaram Chaturchand College, Baramati **03/2026**
Bachelor of Business Administration (Computer Applications) – 81.73% (8.86 CGPA) *Baramati, India*
